Show Overview

About Sustainability Management Week [Autumn] [Formerly GREEN TRANSFORMATION WEEK]

The Largest Exhibition of the Second Half of the Year

An exhibition dedicated to helping companies achieve sustainable management. It features products and solutions related to corporate decarbonization, the circular economy (reuse and recycling), and supply chain management. The show attracts executives, sustainability promotion divisions, and supply chain management professionals seeking concrete business solutions.

Dates: September 17(Web) - 19 (Fri), 2025

Venue: Makuhari Messe, Japan

Organiser: RX Japan Ltd.

Concurrent Show: SMART ENERGY WEEK

Special Exhibit Area

SCM - Supply Chain Management - WORLD

Japan's only exhibition dedicated to Supply Chain Management (SCM) was held for the first time within Sustainability Management WEEK.

What is SCM - Supply Chain Management - WORLD?

With strong attendance from executives and corporate planners, the show will newly feature "SCM" to emphasize its strategic importance from a management perspective. It will also draw visitors from SCM, procurement, and purchasing divisions — creating a key platform for companies offering supply chain solutions.
